## Upcoming Events and League Info

The Open House/Winter League Kickoff will be on Saturday Dec. 14<sup>th</sup> 9am-3pm and Sunday Dec. 15<sup>th</sup> 10am-3pm . Targets for all 5 league courses will be setup and available to shoot/practice at no cost. This year Tony Bergh will be hosting an archery class on setting up bows and proper shooting technique (time TBD). There will also be members on hand all weekend to help with your bow if needed. The bar will be open to get refreshments and Pizza . This is a great chance to take care of your membership and get signed up for leagues, if you pay for your membership and league fees during this event you will receive a free shoot pass to use for any open tournament at the club in 2020. Sat. at 5 and 730 pm we'll be doing a 20 target 2 man best arrow scramble with a 5 target shoot off. Public is welcome to come check out the club and shoot on the range, it has been a successful event in the past bringing in new members so pass this on to anyone interested.

We will be having our Winter League rules meeting Dec. 17<sup>th</sup> at the club starting at 6 pm. All members are encouraged to attend. We will try to send out an agenda the week before the meeting and also have a draft agenda at the open house if anyone cannot make the meeting but has an item to discuss. Or if you are unable to attend and have a question or concern about one of the winter leagues you can contact Jeremy Schultz at [jcschultz300@gmail.com](mailto:jcschultz300@gmail.com).

Beginning the week of January 6, 2020 leagues will start and run for 15 weeks. Monday nights will be Paper Animal targets, Tuesday nights/ Wednesday mornings (time's TBD) will be the Rhinehart 3D target's, Wednesday nights will be the McKenzie ASA style scoring targets and Thursdays will be Spots/Vegas targets. The Paper Animal and 3D leagues will be using the 40yd range. NOTE: The range will be closed to open shooting during scheduled league times, tournaments, youth instruction, scrambles and from 4pm Tuesday through 10pm Wednesday due to the course being set for 3D leagues.
